

The protocol: <https://www.neb.com/protocols/2012/05/21/transformation-protocol>

1 | three goals of this project:

1. get an inventory of the lab
2. a simple explaination of the protocol
3. the visual and conceptual protocol with self drawings

2 | "inventory" of the lab (specified for this procedure):

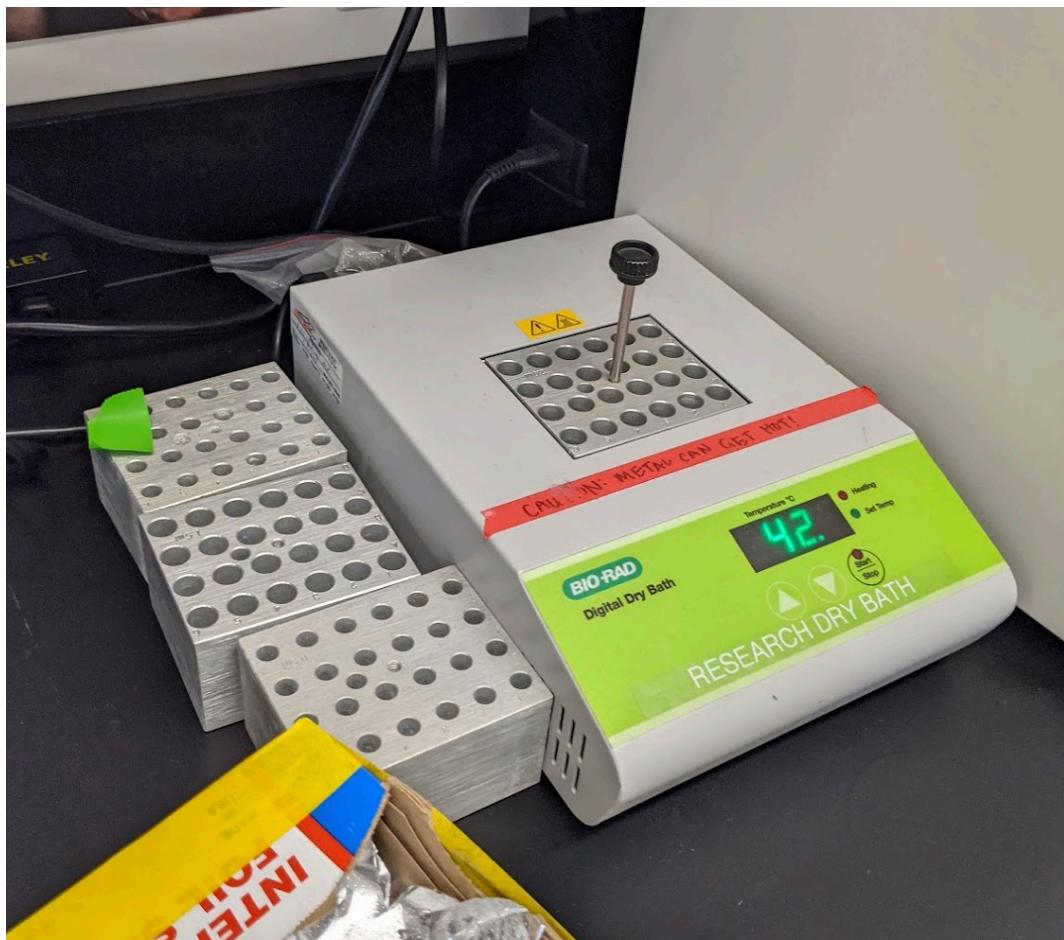

1. micro centrifuge tube

2. pipet

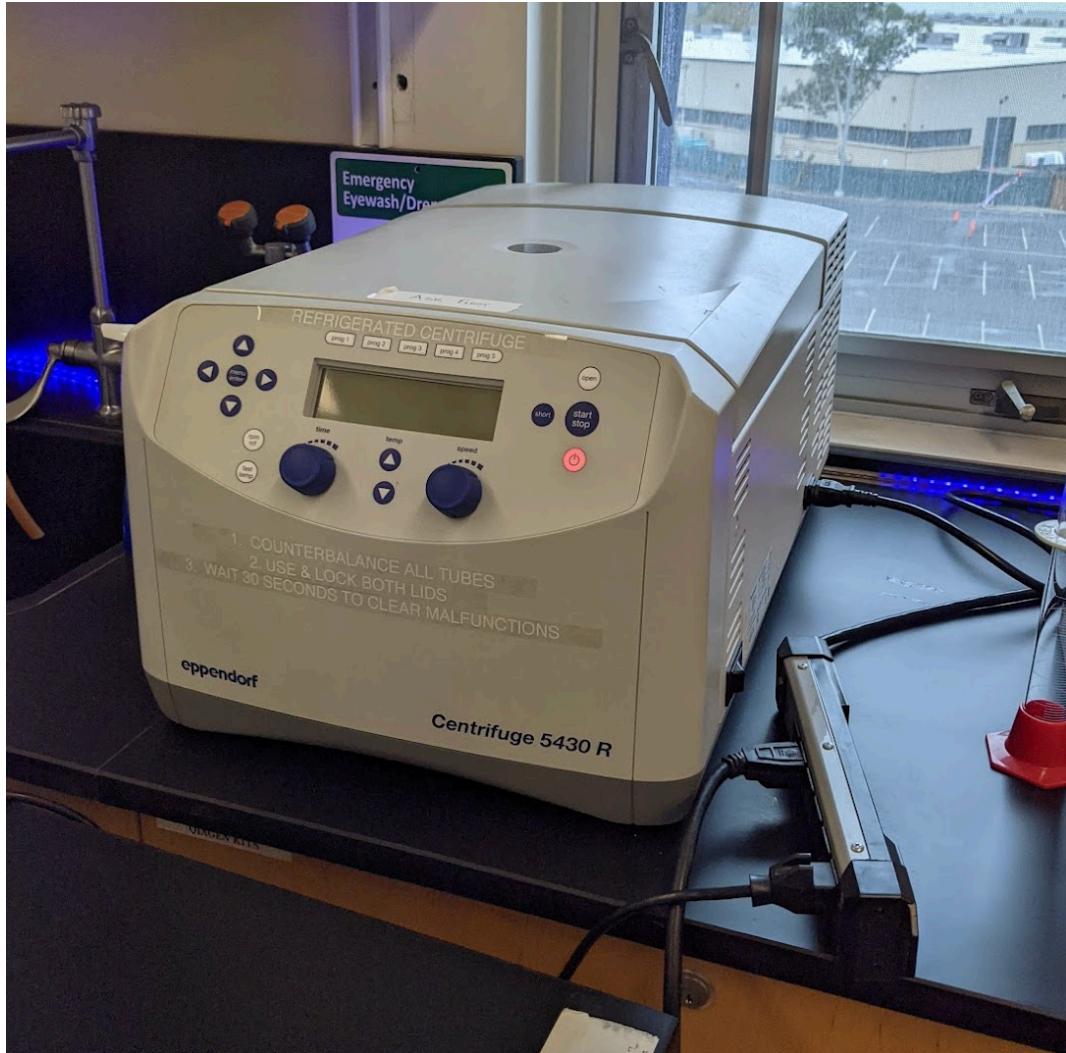

3. heat shock machine

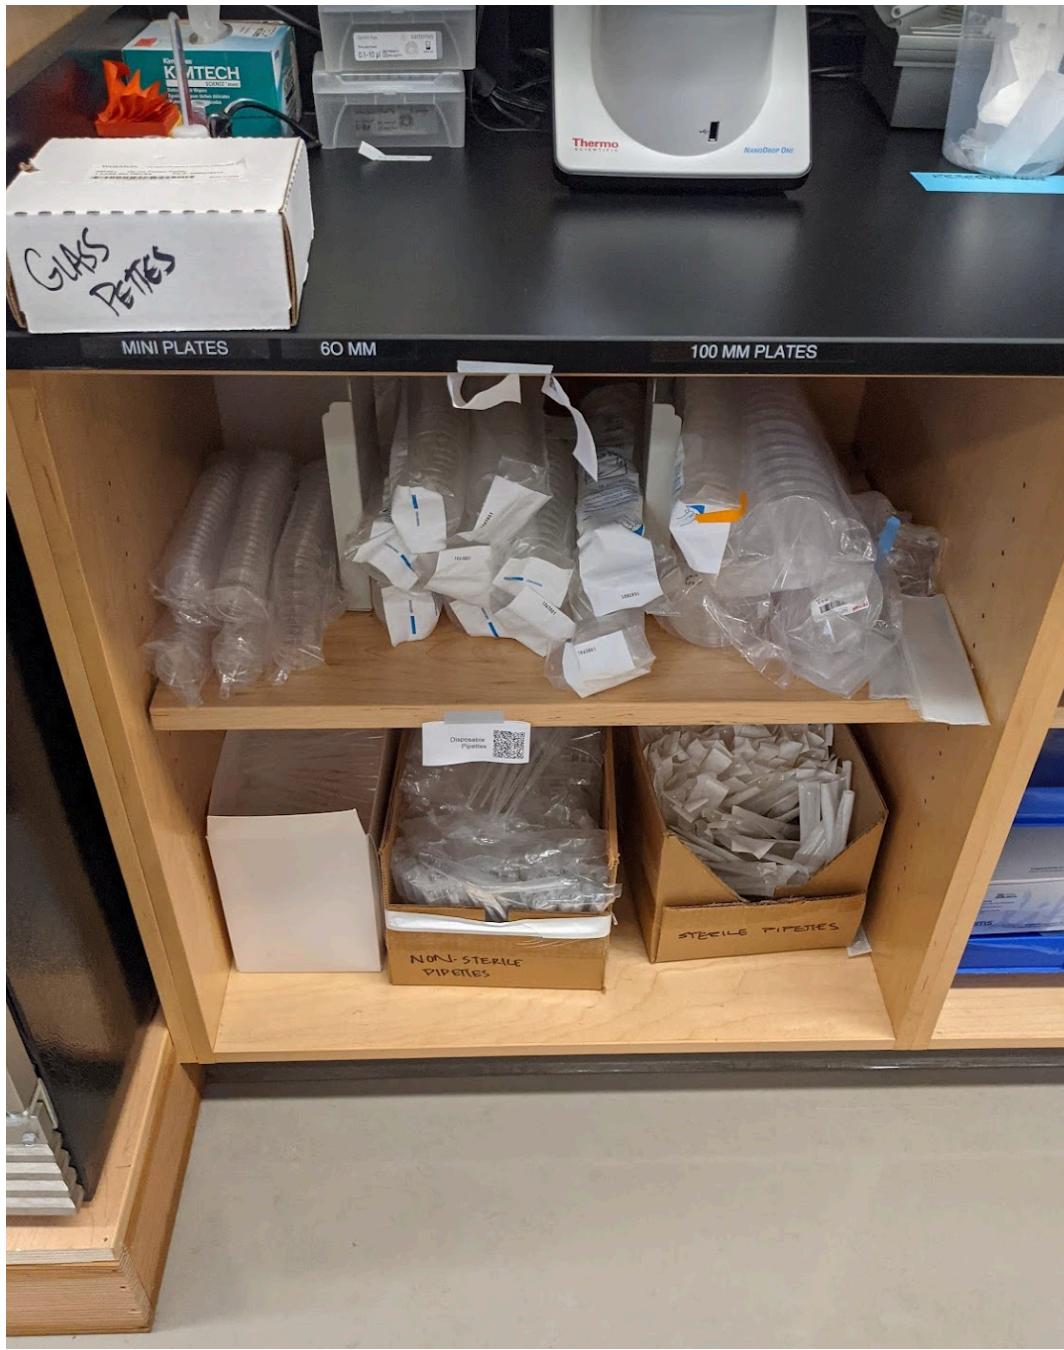

4. centrifuge

5. plates

6. incubator
